

Specification Change Notice

Products affected : Self-winding Filter “KURU KURU Filter”

Dear Customer

We would like to inform you of an upcoming change to the above product for product improvement reflecting customer demand. With the new version, the top cover of the Winding Part is changed to the material and color described below.

We look forward to your understanding and continued business in the future.

1. Affected models

OKF-A160-BT, OKF-A350-BT

2. Description of change

- Change of material and surface finish of the Winding Part Cover

Part name	Before change	After change
Winding Part Cover	 <p>Material : Aluminum Color : Black (painted)</p>	 <p>Material : Plastic Color : Transparent (no painting)</p>

*Picture shows OKF-A160-BT

- Increase in winding torque : 1.0 kgf ➡ 1.5 kgf
- Number of magnet fixing points : 3 points ➡ 4 points

3. Schedule for change

Starting from October 2020 as soon as present stock has run out

*It may happen that the existing products and new ones will be shipped together during the beginning period of switchover.

4. Others

The model numbers, prices and other specifications not described here are remain same.

Switchover time will differ by model depending on each stock condition.
